

SCIENTIFIC PROGRAM

Day I - Shoulder Instability

Thursday - 19th April, 2018

07:30 - 08:30	Registration	
08:30 - 09:00	Opening Ceremony	
09:00 - 10:00	SESSION 1: Current trends in soft tissue stabilization Moderators: Dr. Saeed Al Thani, Dr. Graham Tytherleigh-Strong	
09:00 - 09:10	The Basics by the pro's: How I perform my Bankart repair and Hills Sachs remplissage	Shirish Pathak
09:10 - 09:20	How to manage anterior shoulder instability and hyperlaxity	Chunyan Jiang
09:20 - 09:30	Open versus arthroscopic Bankart repair	Eiji Itoi
09:30 - 09:40	Is there a new role for open Bankart repair?	Nikhil Verma
09:40 - 09:50	Case discussion with participation of all speakers	Shariff Bishai
09:50 - 10:00	Q&A	
10:00 - 10:30	SESSION 2: Special invited guest talk Moderator: Dr. Ali Maqdes	
	Our current understanding of anterior shoulder instability	Eiji Itoi
10:30 - 11:00	Coffee Break	
11:00 - 12:00	SESSION 3: Current trends in bony stabilization Moderators: Dr. Usama Saleh, Dr. Chunyan Jiang	
11:00 - 11:10	The Basics by the pro's: How I perform the Latarjet procedure	Gilles Walch
11:10 - 11:20	Do we need to address the humeral side if we consider Latarjet procedure?	Peter Millett
11:20 - 11:30	Allograft use in stabilization surgery: my way and preferred graft	Nikhil Verma
11:30 - 11:40	Long term results after Latarjet procedure	Luc Favard
11:40 - 11:50	Case discussion with participation of all speakers	Ali Maqdes
11:50 - 12:00	Q&A	
12:00 - 13:30	Lunch & Prayer Break	
13:30 - 14:30	SESSION 4: Zimmer Biomet Industry Session	
		 ZIMMER BIOMET Your progress. Our promise.
14:30 - 15:00	SESSION 5: Special invited guest talk Moderator: Dr Eiji Itoi	
	My Arthroscopic Latarjet experience – my tips for the younger generation	Chunyan Chiang
15:00 - 15:30	SESSION 6: Special guest lecture Moderator: Dr. Peter Millett	
	LHB tenodesis - where is the best place to fix the tendon?	Graham Tytherleigh-Strong
15:30 - 16:00	Coffee Break	
16:00 - 16:30	SESSION 7: Posterior shoulder instability Moderators: Dr. Shirish Pathak, Dr. Ali Al Suwaidi	
16:00 - 16:10	My way of repairing the posterior Bankart tear	Shariff Bishai
16:10 - 16:20	Arthroscopic management of a locked posterior dislocation	Ahmed Hany Khater
16:20 - 16:30	Long term results of posterior arthroscopic Bankart	Peter Millett
16:30 - 17:00	SESSION 8: Miscellaneous Moderators: Dr. Ali Maqdes, Dr. Gilles Walch	
16:30 - 16:40	Arthroscopic Burkhart procedure for shoulder instability – what are the differences and when do I use it?	Jean Kany
16:40 - 16:50	Acute Acromioclavicular joint dislocations, my preferred method	Usama Saleh
16:50 - 17:00	Chronic Acromioclavicular joint dislocations treatment options	Jean Kany
17:00 - 17:30	SESSION 9: Special guest lecture Moderator: Dr. Jean David Werthel	
	Sternoclavicular joint instability - how to manage them	Graham Tytherleigh-Strong

SCIENTIFIC PROGRAM

Day II - Rotator cuff Pathology

Friday - 20th April, 2018

08:00 - 09:00	Registration	
08:45 - 09:00	Faculty group photo	
09:00 - 09:30	Session 1: Rotator cuff 1 Moderators: Dr. Matt Ravenscroft, Dr. Philippe Valenti	
09:00 - 09:10	The basics by the pro's: How I perform my acromioplasty	Shirish Pathak
09:10 - 09:20	Do we really need to do an acromioplasty?	Shariff Bishai
09:20 - 09:30	The basics by the pro's: How I perform a single row rotator cuff repair	Saeed Al Thani
09:30 - 10:30	SESSION 2: Rotator cuff 2 Moderators: Dr. Jean Kany, Dr. Nikhil Verma	
09:30 - 09:40	The basics by the pro's: How I perform a double row rotator cuff repair	Ali Al Suwaidi
09:40 - 09:50	The use of Xenograft in rotator cuff augmentation – when and how do they do	Shariff Bishai
09:50 - 10:00	Exploring the anterior shoulder compartment	Graham Tytherleigh-Strong
10:00 - 10:10	The basics by the pro's: How I perform a subscapularis repair	Peter Millett
10:10 - 10:20	Case discussion with all speakers	Ali Maqdes
10:20 - 10:30	Q&A	
10:30 - 11:00	Coffee Break	
11:00 - 12:00	SESSION 3: Special invited guest lecture and Panel debate Moderator: Dr. Graham Tytherleigh-Strong, Dr. Ali Maqdes, Dr. Peter Millett	
	Our limits for rotator cuff repairs and what are our expectation	Nikhil Verma
12:00 - 13:30	Friday Prayer & Lunch break	
13:30 - 14:30	SESSION 4: Arthrex Industry Session	
14:30 - 15:00	SESSION 5: Special guest lecture Moderator: Dr. Shariff Bishai	
	Interpositional arthroplasty in irreparable cuff tears - from rationale to results	Matt Ravenscroft
15:00 - 15:30	SESSION 6: Special guest lecture Moderator: Dr. Peter Millett	
	Current understanding and types of tendon transfers around the shoulder	Philippe Valenti
15:30 - 16:00	Coffee Break	
16:00 - 16:30	SESSION 7: Tendon transfer for rotator cuff tear Moderators: Dr. Luc Favard, Dr. Michael Kriffter	
16:00 - 16:10	What does a tendon transfer do to the biomechanics of the shoulder	Jean David Werthel
16:10 - 16:20	When do you think of a tendon transfer?	Ali Maqdes
16:20 - 16:30	Q&A	
16:30 - 17:30	SESSION 8: Smith & Nephew Industry Session - Shirish Pathak	

SCIENTIFIC PROGRAM

Day III - Arthroplasty

Saturday - 21st April, 2018

08:30 - 09:00	SESSION 1: Proximal humeral fractures Moderators: Dr. Chunyan Jiang, Dr Jean Kany	
08:30 - 08:40	The use of the long stem in fractured and/or difficult glenoids	Jean Kany
08:40 - 08:50	Reverse for fracture – technic and results	Michael Kriffter
08:50 - 09:00	My method of fixing the tuberosities around the fracture stem	Jean David Werthel
09:00 - 09:50	SESSION 2: Current trends in Total shoulder replacement Moderators: Dr. Saeed Al Thani, Dr. Shariff Bishai	
09:00 - 09:10	Radiological analysis and classifications for total shoulder arthroplasty?	Shirish Pathak
09:10 - 09:20	The basics by the pro's: How I expose the glenoid	Gilles Walch
09:20 - 09:30	What are the new options to deal with a B2 glenoid?	Luc Favard
09:30 - 09:40	Pain management and rehabilitation after total shoulder arthroplasty	Joseph Iannotti
09:40 - 09:50	Q&A	
09:50 - 10:30	Coffee Break	
10:30 - 11:00	SESSION 3: Special guest lecture Moderator: Dr. Ali Maqdes	
	Evolution of the original Grammont concept for Reverse shoulder arthroplasty	Gilles Walch
11:00 - 11:45	SESSION 4: Special guest lecture Moderator: Dr. Philippe Valenti	
	Hemiarthroplasty for fracture: when, how and with what?	Chunyan Jiang
11:45 - 13:30	Lunch & Prayer Break	
13:30 - 14:30	SESSION 5: Miscellaneous Moderators: Prof. Luc Favard, Dr. Ali Al Suwaidi	
13:30 - 13:40	Subscapularis tenotomy versus lesser tuberosity osteotomy	Joseph Iannotti
13:40 - 13:50	To repair or not to repair the subscapularis in reverse shoulder arthroplasty	Matt Ravenscroft
13:50 - 14:00	Glenoid metal back for total anatomical shoulder replacement	Jean David Werthel
14:00 - 14:10	Lateralized or Grammont style reverse shoulder arthroplasty	Ali Maqdes
14:10 - 14:20	Temless reverse shoulder arthroplasty – midterm results	Michael Kriffter
14:20 - 14:30	Q&A	
14:30 - 15:20	SESSION 6: Current trends in reverse shoulder arthroplasty Moderators: Dr. Gilles Walch, Dr. Usama Saleh	
14:30 - 14:40	How I manage the medialized glenoid in reverse shoulder arthroplasty?	Joseph Iannotti
14:40 - 14:50	What is my preferred humeral tray angle and why?	Michael Kriffter
14:50 - 15:00	Latissimus dorsi transfer and reverse shoulder arthroplasty, when and how?	Philippe Valenti
15:00 - 15:10	Long term results of reverse shoulder arthroplasty	Luc Favard
15:10 - 15:20	Q&A	
15:20 - 16:00	Coffee Break	
16:00 - 16:30	SESSION 7: Special guest lecture Moderator: Dr. Michael Kriffter	
	The use of computer assistance in shoulder surgery	Joseph Iannotti
16:30 - 17:00	Closing Ceremony
